Guests: Hammel Associates Architects, LLC  
RBC Capital Markets  
Lamb McErlane PC

Jamie Goncharoff called the Workshop to order at 4:00 p.m., led the Pledge of Allegiance, offered a moment of silence and asked if anyone planned to audio or video record the Workshop. There were no responses.

Township Building Renovation and Expansion Project – Introduction

Ted Vedock of Hammel Associates displayed proposed floor plans for the renovation and expansion of the existing Township Administration/Police Building. The architects have been working with Township Department heads on the design. The building will be gutted and increased on 3 sides, keeping the building envelope as compact as possible while accommodating additional offices, storage spaces, new mechanical systems, expanded locker room and a sallyport, new electric service, an elevator, sprinkler system, and site improvements for additional parking. The historic schoolhouse building will not be involved in the renovation other than replacing the HVAC system. The proposed exterior is lap siding; the exterior colors haven't been determined. Discussion included whether or not to install the elevator initially or at some point in the future. It will cost more to install the elevator infrastructure in the future. The Board favored including the elevator installation at this time. Both driveway accesses to Pottstown Pike will remain in place. Preliminary construction costs are estimated at \$3,220,000. The project schedule includes: final plans in January, construction bids due in February, award contract(s) in March and begin construction late March/early April, lasting 12-15 months. The office will be relocated during construction – alternate locations are being researched. Gilmore & Associates is preparing land development plans. A construction Project Manager is being discussed later in the Workshop.

2018-2019 Bond Financing - Presentation

Dan O'Brien and Ali Mackey of RBC Capital Markets, an investment bank, and Helen Mountain, Esq. of Lamb McErlane, the Township's Bond Counsel were in attendance. Guy Donatelli is abstaining from any discussion and decisions on this topic due to a conflict of interest.

The Township is considering financing for the following proposed Capital projects via a General Obligation Bond in the amount of \$14,615,000: Township building expansion construction (\$3,750,000), lighting at Hickory Park (\$400,000), Upland Farms Barn improvements (\$1,500,000) which are General Fund supported, and self-liquidating public sewer projects: Route 100 Wastewater Treatment Plant additional capacity – Township's share (\$2,500,000), Phase II Part 2 extensions of sewer mains on portion of Byers Road and in Milford Farms (\$1,200,000), purchase

property for drip disposal field(s) (\$1,500,000). Bond maturity for the Township projects: December 2038; and the sewer projects: December 2048.

Discussion included the Township's current (2014) General Obligation Bond for the Phase II sewer expansion in Eagle Manor, Heather Hill and Windsor Place (@ \$5,000,000 remaining); debt service via the general fund and through public sewer users' fees; the Bond rate averages 4.18%; the Bond sale date would be December 11; an Ordinance needs to be advertised before adoption to authorize the debt; the draft ordinance notes that the projects and amounts can be adjusted at the Board's discretion; the debt statement gets filed with the DCED; the Township will be compliant with tax laws and federal securities laws; the Ordinance will authorize the award of the bonds to RBC. RBC has been chosen following interviews with several investment firms, including those with whom the Township has previously worked. The bonds will sell in December, close at the end of December or early January, and the funds will be available for the Township to proceed with the projects. Kristin Camp, Esq. has reviewed the documents and finds them acceptable. The Ordinance may be adopted at the November Board of Supervisors meeting.

#### Construction Project Management

Cary Vargo advised that the Township interviewed several construction management firms for the township building renovation project. References were checked and Staff is recommending Boyle Construction Management.

Karen Duerholz, Sean Boyle, Ken Duerholz and Tony Ganguzza were in attendance. Boyle Construction would work with the Architect, and manage the prime contractors for the project – general, electrical, plumbing, HVAC, etc. They provide an on-site superintendent, and conduct weekly meetings to keep the contractors on target to meet schedule milestones. Their proposal to manage the construction of our project is \$274,000. The Board will consider a Contract with Boyle Construction at a future meeting.

Jamie Goncharoff departed and Sandy D'Amico, Vice Chair, conducted the remainder of the Workshop.

#### Septage Management Ordinance - Introduction

Cary Vargo introduced a draft Septage Management Ordinance. The County recently reinstated a program that logs the maintenance (pumping) and repairs of on-lot septic systems, with the data entered into the program by the Haulers. The Pennsylvania Department of Environmental Protection (DEP) is requiring the Township to adopt a Septage Management Ordinance, mandating property owners to pump their on-lot system every 3 years, at a minimum and have it inspected. The information from the County will be entered into the Township's property database and if a property owner isn't maintaining their system, the Township will have the authority to enforce the Ordinance. This draft Ordinance has been reviewed by the Municipal Authority members and both the Authority and Township Solicitors. Matt Brown of ARRO has advised that when the Township updates its Act 537 Plan, it won't be approved without a Septage Management Ordinance (SMO) in place. Approximately half of the County's municipalities have adopted a SMO. The draft Ordinance will be posted with a FAQ sheet on the Township website and advertised for adoption in December or January.

#### Dedication of Byers Station / Ewing Sanitary Sewer Facilities in West Vincent Township

Cary Vargo advised that Toll Brothers has offered for dedication to the Township sanitary sewer infrastructure and facilities in West Vincent Township for the Byers Station / Ewing development in West Vincent. These facilities will be owned and operated by Upper Uwchlan as part of the Route 100 Wastewater Treatment Plant. The dedication of the facilities requires amendments to the Intermunicipal Agreement with West Vincent Township and the Operation and Management Agreement between Upper Uwchlan Township and its Municipal Authority.

If Upper Uwchlan Township doesn't use the land/facilities for sanitary sewer purposes, the land/facility will be offered back to West Vincent Township. Upper Uwchlan's Authority sets the

user rates but the Township owns the land and the equipment. The land has been surveyed and legal descriptions written. The facilities will be added to the Township's insurance policy.

#### Draft 2019 Budget

Jill Bukata advised that the Long Term Debt budget will be adjusted with the updated information from RBC.

General Fund: revenues will be decreased due to a proposed decrease in building permits and removing a Grant that was not awarded; revenue projections remain conservative; salary increases are proposed at 3%; health insurance costs are stable; expenses include \$55,000 for office rental while the township building is under renovation, and \$20,000 for the Police Department's temporary office trailer.

Capital Fund: includes the building renovation/expansion, replacing a Police vehicle and motorcycle, the Public Works pole barn construction, lighting at Hickory Park, Hickory Park playground fencing and bleachers, improvements to the Upland Farms Barn; Park Road Trail Phase IV and road rehabilitation \$2,926,000 with reimbursement from Grants at \$2,272,000 = Township net \$640,000.

Sandy D'Amico asked if more turf fields are being considered at existing Parks. This will be researched – users' fees are higher for a turf field.

Additional items to include in the budget: topsoil to improve the grass fields at Fellowship Fields; maintenance/repair of Upland Farms House (remediate mold, lead paint)

Water Resource Protection Fund: includes a \$330,000 Transfer from the General Fund for storm water management related projects; \$282,432 Grant from the penalty assessed to Sunoco to be used for naturalization of 2 detention basins, stream bank restoration and creating another wetland area at Upland Farms Park.

Sewer Fund: 2014 Bond payments and budgeting for the 2018-2019 Bond.

The completed draft 2019 Budget will be considered for adoption by the Board of Supervisors at their December 17, 2018 meeting.

#### Open Session

Chief DeMarco commented on Facebook postings regarding the DEP's Grant related to the Sunoco penalty.

Shanna Lodge encouraged everyone to check out the progress of the Hickory Park playground installation.

Cary Vargo advised a pipeline emergency response informational meeting has been scheduled for November 20. A news release will be publicized tomorrow. Presentations will be made by County personnel and local emergency responders. The goal is to provide information on how emergency services respond in the event of an incident.

#### Adjournment

There being no further business to be brought before the Board, Sandy D'Amico adjourned the Workshop at 6:43 p.m.

Respectfully submitted,

Gwen A. Jonik

Kristin Camp, Esq., Township Solicitor

Mr. Goncharoff called the meeting to order at 7:00 p.m., led the Pledge of Allegiance, offered a moment of silence, and asked if anyone intended to audio or video record the Meeting. Steve McNaughton recorded the Meeting.

Approval of Minutes

Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve as presented the minutes of the October 9, 2018 Board of Supervisors – Draft 2019 Budget Workshop. The Motion carried unanimously.

Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve as presented the minutes of the October 9, 2018 Hearing for Byers Commercial L.P. The Motion carried unanimously.

Mrs. D'Amico moved, seconded by Mr. Goncharoff, to approve as presented the minutes of the October 15, 2018 Board of Supervisors Meeting. The Motion carried unanimously.

Approval of Payments

Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve the payments to all vendors as listed November 15, 2018. The Motion carried unanimously.

Supervisor's Report

Mr. Goncharoff read the published calendar and yard waste collections, as follows: November 22-23, 2018 Office Closed – Thanksgiving; November 24, 2018 5:00 PM 2<sup>nd</sup> Annual Tree Lighting at Upland Farms Park; December 11, 2018 4:00 PM Board of Supervisors – Draft 2019 Budget Workshop; December 17, 2018 7:00 PM Board of Supervisors Meeting; December 17, 2018 7:30 PM Public Hearing – Vantage Point Retirement Living; December 25, 2018 Office Closed – Christmas Day. Yard Waste Collections November 21 and 28, December 5 and 19.

Treasurer's Report

Jill Bukata reported the Township's financial position remains strong; year-to-date revenues are at 86.1% of the budget; year-to-date expenses are at 73.7%. Earned income tax through October is \$3,180,000 which is \$51,000 less than at this time 2017. We might not make budget for earned income taxes.

### Police Chief's Report

Chief DeMarco reported the Department logged 1,177 calls, including 13 crimes and 11 criminal arrests. The snowstorm last week was challenging, with Officers helping vehicles that were stuck and assisting with medical responses.

Chief DeMarco and Mr. Goncharoff presented a framed Letter of Recognition to Saswash Venkatesh who recently earned the Rank of Eagle Scout. Only 4% of Boy Scouts achieve Eagle Scout. Mr. Venkatesh learned the importance of being prepared and flexible.

Chief DeMarco recognized several businesses that have assisted with the 2018 Junior Police Academy. Fifty cadets attended this year's Academy. Corporal Gathercole and Officer Stiteler, who coordinated the Academy, presented the Letters of Recognition to:

Barry and Theresa DiLibero of ASC Tag Services, who have provided T-shirts all 5 years of the Academy.

Amanda McPhillips of Wegmans – they've provided food and beverages

Visco Pizzeria – they've provided food and the closing day's luncheon

Mr. Goncharoff conducted a ceremonial swearing in for Officer Bill Quinn, in recognition of his moving from part-time to a full-time position with the Department this summer.

### Administrative Reports

#### Township Engineer's Report

Dave Leh reported that Gilmore & Associates is preparing land development plans for the Township building renovation/expansion project.

#### Building and Codes Department

Al Gaspari reported 60 building permits were issued last month, totaling \$46,772 in permit fees; there has been a lot of new construction; a violation notice was sent to FedEx for noise disturbance overnight; Juniper Juice Bar, next to Topiary, plans to open early December; and H&B, roofing material manufacturer in Eaglepointe Industrial Park, plans to expand their operations within the building.

#### Public Works Department Report

Mike Heckman reported the Department has received and completed 146 work orders; the Department has been working on the new Hickory Park playground area – drainage - and reworked the trail to Eagleview Corporate Center; has cleaned storm water inlets; and continues pothole patching.

#### Land Development

Marsh Lea Escrow Release #8. Cary Vargo advised the Moser Homes has requested an escrow release for erosion-sedimentation controls, paving, curbing at the Marsh Lea subdivision. Gilmore & Associates reviewed the request and recommends the release. Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve the release of \$82,890 for Moser Homes. The Motion carried unanimously.

Village at Byers Station (Parcel 5C Residential) Lot Lines Decision & Order. Kristin Camp, Esq., advised a Decision had been prepared for Byers Commercial L.P.'s request to amend the Final Approval of Lot 1 (Residential Portion) of Parcel 5C at Byers Station Planned Residential Development (PRD), following the October 9, 2018 Public Hearing. The Final PRD Plan approved 121 townhomes with individual lot lines which didn't allow for the construction of decks. The Builder proposed the Plans be amended to remove the lot lines and the footprint of each townhouse would become the lot line. Ms. Camp read 5 Conditions of Approval which are detailed below. Jon Thomson of Toll Brothers and Lou Colagreco, Esq., of Riley Riper Hollin & Colagreco - representing Toll Brothers, were in attendance and verbally agreed to the Conditions as read.

Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve the Decision & Order as follows. The Motion carried unanimously.

### **ORDER**

And Now, this 19<sup>th</sup> day of November, 2018, the Board hereby approves the Application, as amended, and allows the Final PRD Plan for Lot 1 to be modified consistent with the Amended Final PRD plans prepared by Bohler Engineering dated May 20, 2016, last revised September 19, 2018 (the "Amended Plans") subject to the following conditions:

### **CONDITIONS OF APPROVAL**

1. The townhouse development shall be built and designed in accordance with the Amended Plans which were admitted as Exhibit A-6 as such plans are revised to comply with this Order.
2. The townhouse development shall be built and designed in accordance with the testimony and evidence as presented by Applicant at the October 9, 2018 hearing.
3. Applicant shall amend the homeowner's Declaration to reflect the Amended Plans and ownership and maintenance responsibilities for the decks and driveways as explained by Application's counsel at the hearing on October 9, 2018.
4. The amended homeowner's Declaration shall be approved by the Township Solicitor prior to recordation of the Amended Plans and shall be provided to all prospective buyers who have entered an agreement of sale and shall be recorded prior to issuance of any certificates of occupancy for any of the townhouse dwelling units.
5. Applicant and its successors and assigns in interest to the Property shall be strictly bound by:
  - a. All the representations, warranties and commitments made by or on behalf of the Applicant and the testimony, plans or other exhibits that were introduced into the record on these proceedings whether or not express reference is made to said representations, warranties and commitments in this Decision; and
  - b. All of the foregoing conditions of approval.

Eagleview Corporate Center – Lot 1B Maintenance Area Preliminary/Final Land Development Plan. Neal Fisher of the Hankin Group and Mike Malloy, Esq. – representing the Hankin Group, were in attendance. Mr. Fisher advised that the Plan proposes a maintenance area on Lot 1B, located on the cul-de-sac bulb of Sierra Drive. An 80,000 SF building exists on the Lot. The maintenance area is proposed to store salt and landscaping mulch. The Plan was reviewed by Township consultants and the Planning Commission, and was recommended for approval.

Mr. Donatelli moved, seconded by Mrs. D'Amico, to grant Preliminary/Final Land Development Approval and read the Conditions of Approval detailed below. Mr. Fisher verbally agreed to the conditions as read. Steve McNaughton asked if the salt would be covered. Mr. Fisher advised it would be open and the area will drain onto the lawns around the maintenance area. The Motion carried unanimously.

The Board of Supervisors of Upper Uwchlan Township at their November 19, 2018 meeting hereby grants Preliminary/Final Land Development Approval for a plan prepared by Chester Valley Engineers, Inc. titled, "Final Land Development Plan Eagleview Lot 1B – Maintenance Area", dated March 26, 2018, last revised June 14, 2018, accompanied by the following conditions:

1. The plans shall be revised to address the comments raised in the Gilmore & Associates July 5, 2018 review letter.
2. The plans shall be revised to address the comments raised in the Brandywine Conservancy July 5, 2018 review letter.
3. A waiver is hereby granted from SALDO Section 162-55.B. regarding woodland disturbance. This waiver is granted contingent upon the proposed landscaping being relocated as outlined in the September 13, 2018 Planning Commission meeting minutes.

Eagleview Corporate Center - Lot 1C Final Land Development Plan. Neal Fisher advised this 113,000 SF flexible space building is very similar to that on Lot 1B, and will be accessed by 2 driveways on Sierra Drive. It will be predominately office space and warehousing. The loading

dock will be hidden in the “U” shape of the building. They will comply with the Township Engineers’ comments, and the Township Planning Commission reviewed and recommended the Plan.

Mr. Donatelli moved to approve the Land Development Plan accompanied by 6 conditions, which he read aloud and are included below. Mrs. D’Amico seconded the Motion.

Joanne McNaughton of Moore Road asked for postponement of the approval, requesting that all of the revisions from the consultants’ comments be made to the plans before the Board grants approval, especially concerning the landscaping and screening along their common property lines with Lot 1C. She commented the landscaping/screening on Lot 1B isn’t sufficient and would like that avoided with Lot 1C. Mr. Donatelli clarified the request and called attention to a letter from the Hankin Group (November 14, 2018) stating they are agreeable to a post-installation landscaping inspection and if the effective screening isn’t met, they’d install a 6’ fence on top of the proposed berm as well. Mr. Fisher agreed they would include that Note on the Final Plan.

Mr. Donatelli amended his Motion, adding the Hankin Group would include the above-mentioned post-installation inspection note on the Plan.

Lengthy discussion followed regarding the landscaping and effective screening of both Lots 1B and Lot 1C. Steve McNaughton requested that the fence be included on top of the landscaping berm at the beginning of the project, not afterward. Mr. Fisher advised they are proposing a 6’ berm with evergreen plantings on top and the mature trees along the ‘western’ property line are being retained and additional trees/shrubs planted. If all of that fails to provide the effective screening as defined in the Codes, they’ll install a decorative fence. Mr. Fisher explained that Lot 1B sits lower than Lot 1C, which has an impact on the view, and Hankin had planted additional trees and shrubs on 1B.

Mr. Donatelli amended his Motion, adding that all Conditions of Approval be included on the Plan. Mrs. D’Amico seconded the amended Motion. The Motion carried unanimously to approve the Plan as follows:

The Board of Supervisors, at their November 19, 2018 meeting, hereby grants Final Land Development Plan Approval to the plan prepared by Chester Valley Engineers, Inc. titled “Final Land Development Plan Eagleview Lot 1C for The Hankin Group” dated March 26, 2018, and last revised August 2, 2018, (the “Plans”) with the following conditions:

1. The Applicant shall adhere to all conditions and requirements set forth in the Conditions of Preliminary Plan Approval.
2. The Plans shall be revised to address the comments raised in the Gilmore & Associates September 4, 2018 review letter.
3. The Plans shall be revised to address the comments raised in the Brandywine Conservancy October 3, 2018 review letter.
4. The Plans shall be revised to address the comments raised in the Stubbe Consulting LLC’s September 27, 2018 review letter.
5. The Applicant shall obtain all applicable permits from the Chester County Conservation District and the Pa-DEP.
6. The fee in lieu of a Transportation Impact Fee in the amount of \$39,550 has been satisfied as a result of the improvements to Pennsylvania Drive which have been completed by the Applicant.
7. The Applicant shall include on the Plans the following note:  
 “After the landscaping that is required and depicted on the Plans is installed, the Township shall perform an inspection to determine if the landscaping meets the requirements of the Plans and Code, including but not limited to the screening requirements in Section 200-77. If the Township determines that any portion of the landscaping fails to meet the requirements on the Plans and in the Code, the Township at its sole discretion, may require the Applicant to install a 6’ fence to meet the effective screen requirements.”
8. The Applicant shall include on the Plans the above-noted seven (7) conditions of approval.

## ADMINISTRATION

Ordinance – Authorization to Borrow, Execute Bond Purchase Agreement. Cary Vargo introduced Helen Mountain, Esq., Dan O'Brien and Ali Mackey of RBC Capital Markets, regarding the Township borrowing \$14,615,000 through a General Obligation Bond for the following Capital projects: renovate and expand the existing Township Building, lighting at Hickory Park, extend public sewer along a portion of Byers Road, Phase 3 of the Route 100 wastewater treatment plant. The borrowing and Bond Agreement had been discussed at the Supervisors November 13 Workshop. Mr. Donatelli advised at that Workshop that he would abstain from the discussion and decision on this topic as it's a conflict of interest – his Firm is the Township's Bond Counsel. Ms. Mountain, of Lamb McErlane advised the Borrowing would be filed with the State Department of Community and Economic Development, and the Township would comply with tax laws and SEC laws. The Ordinance was advertised in the Daily Local News and if adopted, will be advertised post-enactment. The Township Solicitor has reviewed the Bond documents and the Ordinance.

Mrs. D'Amico moved to adopt Ordinance #2018-10 authorizing the borrowing of \$14,615,000 and execute the Bond Agreement with RBC Capital Markets. Mr. Goncharoff seconded and the Motion carried with 2 in favor and 1 abstention (Donatelli).

Resolution – Naming a Bond Compliance Officer. Helen Mountain, Esq., advised that the Township needed to establish a post bond issuance Compliance Officer, who will assure the appropriate use of and investment of bond funds, provide legally-required reporting, record keeping, etc. Jill Bukata, Township Treasurer, is recommended to be the Bond Compliance Officer. The Township Solicitor has reviewed the Resolution. Mr. Donatelli abstained from the discussion and decision on this matter as it's a conflict of interest.

Mrs. D'Amico moved, seconded by Mr. Goncharoff, to adopt Resolution #11-19-18-12 naming Jill Bukata as the Bond Compliance Officer for the 2019 General Obligation Bonds. The Motion carried with 2 in favor and 1 abstention (Donatelli).

Park Road Reconstruction and Trail Installation Project. Cary Vargo advised that bids were received for the reconstruct of Park Road, from Moore Road to Marsh Creek State Park, and to install the pedestrian trail from Hickory Park to Marsh Creek State Park. Seven bids were received, with Allan Myers being the low bidder at \$2,397,777. Construction will begin late winter/early spring.

Mrs. D'Amico moved, seconded by Mr. Donatelli, to award the construction contract to Allan Myers and authorize the Township Manager to execute any of the contractual documents as needed. McMahon Associates, the Project Engineer, will monitor the work and limit change orders. The Motion carried unanimously.

Township Building Construction Project Manager. The Board tabled this matter.

East Brandywine Fire Company Agreement – Extension. Upper Uwchlan Township, East Brandywine Township and West Brandywine Township are parties to an Agreement for East Brandywine Fire Company coverage. New contribution rates per Township are being calculated and a 6-month Agreement extension is requested in order to complete the analysis. Upper Uwchlan's 2019 contribution is \$13,608.00. Mr. Donatelli moved, seconded by Mrs. D'Amico, to approve the Agreement Extension through May 1, 2019. The Motion carried unanimously.

Authorization to advertise the Draft 2019 Budget. Cary Vargo thanked Jill Bukata and all Department heads for the contributions made to draft the annual budget. The Draft 2019 Budget proposes the General Fund \$6,203,132; Capital Reserve Fund \$5,940,756; Solid Waste Fund

\$956,278; Water Resource Protection Fund \$610,880; Liquid Fuels Fund \$354,000; Act 209 Traffic Impact Fund \$7,000; Sewer Fund \$375,373; for a Total \$14,447,419.00. Mr. Donatelli moved, seconded by Mrs. D'Amico, to authorize advertising the Draft 2019 Budget in the Daily Local News. The Motion carried unanimously. The Draft 2019 Budget will be posted on the website as well.

Distribution of Fire Fighters Relief Funds. Cary Vargo advised that the 2018 Fire Relief Funds have been received, totaling \$86,679.05. These funds are received annually from the State and are distributed to the emergency response agencies using the same formula as the Township's contribution to those agencies. Mr. Donatelli moved, seconded by Mrs. D'Amico, to distribute the Fire Relief Funds as follows: Lionville Fire Company \$38,522.67; Ludwigs Corner Fire Company \$42,553.15; East Brandywine Fire Company \$4,262.87; Glenmoore Fire Company \$1,340.36. The Motion carried unanimously.

Authorize Execution of On-Lot System Operation & Maintenance Agreements. Cary Vargo explained that the PaDEP is requiring the Township to enter into Agreements with property owners with on-lot septic systems until the Township adopts a Septage Management Ordinance. The Agreement states the property owner is responsible to maintain their on-lot system by having it pumped and inspected every 3 years. Once adopted, the Septage Management Ordinance will supersede these Agreements. Mr. Donatelli asked that the text within Agreement point #16 be revised to state the Agreement becomes null and void with the adoption of the Septage Management Ordinance. Mr. Donatelli moved to authorize the Township's execution of On-Lot System Operation and Maintenance Agreements following the revision to point #16 as previously stated. Mrs. D'Amico seconded and the Motion carried unanimously.

#### Open Session

Jim Dewees questioned the status of the trail bridge in the Reserve at Chester Springs. Staff will research.

Brett Hand, Vivian McCardell and Jordan Staub of the Historical Commission were in attendance. Mr. Hand read prepared comments regarding historic structure exterior renovations, thankful for Supervisors' support of the Commission, review/recommendation of Vantage Point Retirement Living's architecture, assisting the Township with the Adaptive Reuse Ordinance process and the condition of the Upland Farms house. The Supervisors thanked the Commission members for their service, encouraged continued communications with Staff on these issues and encouraged attendance at the December 17, 2018 Hearing for the Vantage Point project.

Joanne McNaughton commented on lack of communication regarding their complaints of Eagleview Corporate Center Lot 1B inadequate landscaping and noise issues. Al Gaspari and Cary Vargo advised that a variety of trees were selected and planted that would fill in the landscaping voids as the trees mature. Mr. Gaspari was asked to coordinate a sound engineer to visit the McNaughton property at this time to test the noise levels and to return next year when air conditioners would be in use, for comparison.

#### Adjournment

There being no further business to be brought before the Board, Mr. Goncharoff adjourned the meeting at 9:11 p.m.

Respectfully submitted,

Gwen A. Jonik  
Township Secretary

## MEMORANDUM

TO: BOARD OF SUPERVISORS  
 FROM: Jill Bukata, Township Treasurer  
 RE: Status Update  
 DATE: December 17, 2018

### Finance has worked on the following items during the month

- Received and processed 47 trash and 1,563 sewer payments (11/16/18 to 12/12/18)
- Completed the 2019 Budget for presentation to the Board for approval at the December 17, 2018 BOS meeting
- Completed the Municipal Authority's 2019 Budget – with enhancements this year
- Worked with RBC Capital on the General Obligation Bonds, Series of 2019

### Projects and goals

- Revise the Accounting Manual in accordance with current procedures and staffing (*in process*)
- Revise and update the Employee Personnel Manual (*in process*)

### Highlights of the November, 2018 financial statements

- The balance sheet remains strong with cash of nearly **\$7.5 million** - of that amount \$2.9 million is not available for the routine operations of the Township as they are reserved for specific purposes, ie. Liquid Fuels and Act 209 for highways, Turf Field for replacement of the Turf Field, Capital Projects for capital improvements etc.
- Year to date revenues (combined) are **\$7,418,309 or 91.4%** of the annual budget. Combined expenses are **\$5,804,618 or 85.0%** of the budget. The combined year to date net income - (General Fund and Solid Waste Fund) is **\$1,613,691** before transfers and **\$538,691** after transfers
- Earned income tax revenue YTD November was **\$3,405,593**. So far in December we received \$134,000 – we need to receive an additional \$130,000 this month to meet our budget. I project that we will be about \$75,000 short of our budget for EIT this year.
- Please note: The Sewer Fund has recorded an estimated liability to the Authority in the amount of \$234,000 for engineering work performed by ARRO on the Byers Road extension project. This project is being funded by the 2019 Bond issue and will be repaid to the Authority in January, 2019 after the bond proceeds are received by the Sewer Fund.

## **DEVELOPMENT UPDATE – UPPER UWCHLAN TOWNSHIP**

---

**Date:** December 12, 2018  
**To:** Board of Supervisors  
**From:** David Leh, P.E.

---

**125 Little Conestoga Road (Profound Technologies)** - The Applicant is proposing to construct a two-story building addition and additional parking areas. The plan will be introduced to the Planning Commission at their December 13, 2018 meeting.

**270-290 Park Road (Townes at Chester Springs)** - This is a 40-unit multiple-family townhouse community along Park Road just north of Windsor Baptist Church. Toll Brothers is developing the property. Construction continues and we have received 6 building permit applications (28 total units) to date.

**American Tower (780 Dorlan Mill Road)** – The Applicant submitted a conditional use application for a proposed cell tower on this property. A Conditional Use was granted by the Board of Supervisors at their July 20, 2015 meeting. Zoning relief was also required and granted. No further activity has occurred.

**Byers Station (Lot 5C)- [Residential]** - Construction continues on the residential portion of the development. To date, we have received four (4) building permit applications. In addition, On November 19, 2018 the Board granted a modification to the allow the elimination of individual unit parcel lines.

**Byers Station (Lot 5C)- [Commercial]** - An amended land development plan has been submitted for the commercial portion of the site and a recommendation for approval was made by the Planning Commission at their June 14, 2018 meeting. The applicant has since submitted a revised plan to address the consultants' outstanding comments and a review letter has been issued.

**Byers Station (Lot 6C)- Vantage Point** – An Amended Tentative PRD Application has been submitted for this site. The Applicant is proposing to construct a 36,171 SF, 3 story retirement facility. The plan was reviewed by the Planning Commission at their September 13, 2018 meeting and a recommendation for approval was given. A hearing for the modification is scheduled for December 17, 2018.

Reference: Development Update

File No. 18-01080T  
December 12, 2018

**Eagleview Lot 1B–** A revised Preliminary / Final Land Development Plan has been received for a maintenance facility on the site. The Board granted Preliminary / Final Land Development Approval at their November 19, 2018 meeting.

**Eagleview Lot 1C–** This project proposes a 113,000 SF Flex Office building. The proposed building and amenities are similar to the adjacent office buildings located along Sierra Drive. The Board granted Final Land Development Approval at their November 19, 2018 meeting.

**Fetters Property (McKee Group) -** A conditional use was approved on January 17, 2017 for an active-adult 55-year old and over community consisting of 116 single-family detached dwellings, 154 twin units, 105 triplex units, and associated amenities. The Board granted Final Land Development Approval at their October 16, 2017 meeting. No further activity has occurred.

**Jankowski Tract-** Conditional Use Approval for this 55-lot, single family home community was granted by the Board at their December 18, 2017 meeting. The Board granted Preliminary / Final Land Development Approval at their October 15, 2018 meeting.

**Marsh Lea –** The Board granted Preliminary / Final Plan Approval to this 27-lot, single-family home community at their May 15, 2017 meeting. Construction continues and the roadway has been constructed and paved. In addition, we have received grading plans for 7 proposed homes.

**Reserve at Chester Springs (Frame Property) –** Home construction continues. Building Permits have been issued for all lots in the development.

**RE:** Resolution Designating Emergency Response Organizations

**DATE:** December 12, 2018

---

Attached for your review and consideration is a resolution that designates emergency response organizations providing services to Upper Uwchlan Township. The primary response areas and the organizational service areas have not changed. Mutual aid coverage is being dispatched using the CCDES Automated Vehicle Location (AVL) services in the CAD system with responses being based on closest geographical units. All operational chiefs from organizations serving the Township have received the information contained in this resolution and associated attachments. No comments have been received to date.

**I would respectfully request that the BOS adopt the attached resolution and attachments as presented.**

The Chester County Board of Commissioners requests that each year you provide a resolution naming the emergency services agencies that provide public safety to your Municipality. Attached is the latest resolution that the Chester County Department of Emergency Services has on file for your municipality.

For 2019 we are providing you with a "Resolution Designating Emergency Service Providers for \_\_ (Municipality Name) \_\_ Template so that DES has consistent information from all municipalities. You may take the template and fill in the blanks, or provide your own resolution in a similar format.

For clarification; Automatic Vehicle Location services uses real time and last known GPS location of units to recommend the closest available qualifying unit by time to be dispatched to an incident.

We encourage you to adopt this resolution and forward a copy to:

# MEMORANDUM

**From:** Christopher E. Frantz, Esquire

**To:** Upper Uwchlan Township Board of Supervisors (“UUT”), Upper Uwchlan Township Municipal Authority (“UUMA”)

**CC:** Cary Vargo, Matt Brown, Kristin Camp, Esquire

**Date:** 10-15-2018

**Re:** Proposed Amendments to (a) Intermunicipal Sewer Service Agreement between UUT, UUMA and West Vincent Township (“WVT”) and (b) Operation and Management Agreement between UUT and UUMA

Coming before you for action will be three (3) separate documents, or groups of documents, all of which are necessitated by the completion and pending dedication of the sewer facilities to serve the Byers Station developments. In chronological order (which is not necessarily the same as the order in which you will act), the documents are (1) an amendment to the 2003 Intermunicipal Sewer Service Agreement between UUT, UUMA and WVT (the “2003 Agreement”); (2) an amendment to the 2016 Operation and Management Agreement between UUT and UUMA (the “O & M”); and, (3) deeds of dedication for disposal areas and sewer facilities which will be proposed by the developers of the Byers Station residential communities. This Memorandum is intended to provide some background and context for each document.

**1. First Amendment to Intermunicipal Sewer Service Agreement:** The 2003 Agreement created the West Vincent Sewer Service Area, a specifically defined geographic area in WVT containing residences of the Byers Station communities (Byers Station includes properties in both UUT and WVT). Under the 2003 Agreement, UUT would own the sewer related collection, treatment and disposal facilities, the hardware if you will, UUMA would operate the sewer system and WVT would own the real property containing all the disposal areas. However, the current leadership of WVT has indicated the township does not necessarily wish to own the real property. UUT and UUMA staff and consultants believe it would be preferable for UUT to own all disposal areas, not only because it has a history of prudent ownership of similar property but, also, because ownership of any unimproved disposal areas will provide for future sewer system needs whether that be replacement or expansion.

The First Amendment to Intermunicipal Sewer Service Agreement amends the 2003 Agreement in a number of respects among them the following: first, and most importantly, all disposal areas, including lagoons, will be deeded to UUT. Second, the definitions of “Facilities” and “System” are revised so that the latter refers to the entire UUT sewage collection, treatment and disposal system and the former refers to the portion of the System physically located in WVT. Third, WVT acknowledges that UUMA will operate the System and Facilities including the setting of rates.

There are three (3) additional facets of the First Amendment of which you need to be aware, all of which may be found in or are related to paragraph 5. First, there are certain walking trails which adjoin or bisect the WVT disposal areas. Those trail grounds will be part of the land conveyed to UUT *but* the conveyance will be under and subject to any existing walking trail easements. The easements will be shown in the deeds by metes and bounds descriptions and the deeds (as does paragraph 5 of the First Amendment) will make clear that neither UUT nor UUMA will have any responsibility for the trails (the Byers Station HOAs will have responsibility and WVT thereafter upon any default by the HOAs).

Secondly, there are or were on the WVT disposal areas trails used for horses. There is no recorded right for horses to use any portion of the WVT disposal areas and signs will be posted to that effect. Furthermore, the WVT folks believe there has been little or no recent equestrian passage over what is now disposal area.

Finally, the First Amendment provides WVT can demand a return deed for any portion of the disposal area actively used by UUT for a purpose other than the operation of a sewer system (UUT and UUMA staff and consultants do not see this as likely). The language of paragraph 5 of the First Amendment further states that maintaining vacant land for future sewer needs is a proper use of the ground by UUT and would not create in WVT an ability to demand a return of the vacant ground.

**2. First Amendment to Operation and Management Agreement:** The present O & M, which dates to October, 2016, delineates the specific roles of UUT and UUMA in the ownership and operation of the various properties which collectively comprise the Upper Uwchlan public sewer system or, simply, the System. In the most basic terms, UUT owns all the real and personal properties of the System and UUMA is responsible for managing, operating and repairing the System, setting rates, billing and collections, preparing and filing all reports required by agencies with oversight authority including, for example, the Pennsylvania Department of Environmental Protection, and reviewing plans for and overseeing construction of all connections to the System. In addition, the O & M provides the framework by which revenues are collected and allocated to pay both operating expenses and the debt service on the \$5,955,000 General Obligation Bonds, Series of 2014, the funds from which were used to upgrade and expand the System.

The O & M references the existence of a 2003 Agreement with WVT and the fact certain residential properties located in WVT would be served by the System, but it does not speak to ownership of the disposal areas physically located in WVT since WVT was to own those facilities. As noted above, however, the present WVT leadership is amenable to having UUT own all System real property and facilities. The proposed change in ownership of the WVT disposal areas, required UUT and UUMA staff, consultants and legal counsel to examine whether the proposed amendments to the 2003 Agreement created any potential issues and whether the existing O & M continues to adequately address its subject matter. While it is felt the O & M adequately addresses most topics, the review group believes the O & M's treatment of questions of ownership and operation can be improved *vis-a-vis* the fact sewer service will be provided outside UUT's municipal limits.

The general rule in Pennsylvania is that a municipally owned and operated utility such as a sewer system cannot provide service outside its municipal limits without the oversight and approval of the Pennsylvania Public Utilities Commission (the “PUC”). However, that is not the case where a municipality owns a sewer system but leases it to a municipal authority which then operates and manages the sewer system outside the control of the municipality itself. While the O & M states UUMA will “possess” the System, the review group believes that should be amended to make clear the System is the subject of a lease and, therefore, it is proposed that both UUT and UUMA approve the First Amendment to Operation and Management Agreement which, after reiterating the distinct role of UUT as the owner and UUMA as the operator of the System, creates a simple lease from UUT to UUMA of all System real property, personal property, rights, and easements. The First Amendment further provides that any future termination of the O & M by UUT while the System serves WVT or any municipality other than UUT will only be effective if UUT shall have first received all permissions required to provide extraterritorial sewer service.

**3. Deeds:** Although not yet in hand, deeds for both the WVT sewer facilities and the disposal areas are anticipated from Ewing Group, LLC, Toll PA II, L.P., and U. S. Home Corporation d/b/a Lennar as those entities complete their communities. The deeds to the disposal areas will be under and subject to any existing walking trail easements with the trails to be described in metes and bounds. Maintenance of those trails will be left to the homeowner associations per the original WVT approved Declarations of Covenants and Restrictions. It is the recommendation of the review group that the disposal areas be fenced in for the protection of not only the areas and disposal facilities, but also for those using the trails. Until such time as fencing is erected, it is strongly suggested that numerous, readily visible signs with clear language be put up to warn all trail users of the dangers to both they and the disposal facilities if they stray from the trails and unto the disposal areas. Otherwise, review and acceptance of the deeds will be as per UUT protocol.

NOTICE IS GIVEN that the Board of Supervisors of Upper Uwchlan Township will conduct a public hearing on Monday, December 17, 2018 at 7:00 p.m., prevailing time, as part of their regularly scheduled meeting, at the Upper Uwchlan Township Building, 140 Pottstown Pike, Chester Springs, PA 19425, to consider and possibly adopt the following Ordinance with the following title which summarizes the principal provisions of the Ordinance:

**AN ORDINANCE AUTHORIZING UPPER UWCHLAN TOWNSHIP TO ENTER INTO THE FIRST AMENDMENT TO INTERMUNICIPAL SEWER SERVICE AGREEMENT WITH THE TOWNSHIP OF WEST VINCENT AND THE UPPER UWCHLAN TOWNSHIP MUNICIPAL AUTHORITY, WHICH AMENDS THE UNDATED INTERMUNICIPAL SEWER SERVICE AGREEMENT WHICH WAS APPROVED BY THE BOARD OF SUPERVISORS IN ORDINANCE NO. 03-04 ADOPTED ON OCTOBER 6, 2003.**

A complete verbatim text of the proposed Ordinance is available for public inspection and may be examined without charge or obtained for a charge not greater than the cost thereof at the Township Building, located at 140 Pottstown Pike, Chester Springs, PA 19425, during normal business hours, and is also on file for public inspection at the offices of the Daily Local News and the Chester County Law Library, 201 W. Market Street, Suite 2400, West Chester, Pennsylvania, where the same may be examined without charge. Any person wishing to attend the hearing who has a disability or requires auxiliary aid, service or other accommodation to observe or participate in the hearing, should contact the Township Secretary at (610) 458-9400 to discuss how those needs may be accommodated.

# **FIRST AMENDMENT TO INTERMUNICIPAL SEWER SERVICE AGREEMENT**

THIS FIRST AMENDMENT TO INTERMUNICIPAL SEWER SERVICE AGREEMENT (hereinafter the “Amendment”), dated and effective the \_\_\_\_\_ day of \_\_\_\_\_, 2018, by and between the Township of West Vincent, Chester County, Pennsylvania (“West Vincent Township”), the Township of Upper Uwchlan, Chester County, Pennsylvania (“Upper Uwchlan Township”), and the Upper Uwchlan Township Municipal Authority (the “Authority”).

## **BACKGROUND**

- A. West Vincent Township, Upper Uwchlan Township and the Authority are parties to that certain Intermunicipal Sewer Service Agreement duly authorized by all of the parties and effective as of October 6, 2003 (the “Intermunicipal Agreement”). The Intermunicipal Agreement established the West Vincent Sewer Service Area to provide for the connection of the residences then planned to be constructed within that specific area, only, to the existing sewer collection and treatment system owned by Upper Uwchlan Township and operated by the Authority.
- B. Since the effective date of the Intermunicipal Agreement, Ewing Group, LLC and Toll PA II, L.P., have completed construction of those portions of the Facilities (as defined in the Intermunicipal Agreement and as amended by this Amendment) needed to collect, convey, treat, store and dispose of sewage generated by residences each constructed and sold within the West Vincent Sewer Service Area. Ewing Group, LLC and Toll PA II, L.P. are prepared to deed, dedicate or subject to easement(s), as necessary, the Facilities to the party or parties as directed by Upper Uwchlan Township, West Vincent Township and the Authority.
- C. It is contemplated that in the future U.S. Home Corporation d/b/a Lennar will complete further portions of the Facilities intended to serve residences it constructed and sold within the West Vincent Sewer Service Area.
- D. Based upon their experience, changed circumstances since the execution of the Intermunicipal Agreement, and a subsequent Operations and Management Agreement between Upper Uwchlan Township and the Authority pursuant to which the Authority operates all sewer facilities owned by Upper Uwchlan Township, the parties desire to amend the Intermunicipal Agreement to promote the best means of treating sewage generated by residences in the West

Vincent Sewer Service Area and to change, clarify and emphasize, as necessary, certain provisions of the Intermunicipal Agreement.

## **AGREEMENT**

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements contained herein, and intending to be legally bound, the parties agree as follows:

1. The definition of “Facilities” in paragraph 1.(c) of the Intermunicipal Agreement is amended to (a) delete the limitation to personalty and (b) delete reference to real property to be owned by West Vincent Township. Henceforth, “Facilities” shall mean and refer to that portion of the Upper Uwchlan sewage collection, conveyance, storage, and disposal system, both personalty and realty, located within West Vincent Township which will provide sewer service to users in the West Vincent Sewer Service Area.
2. The definition of “System” in paragraph 1.(d) of the Intermunicipal Agreement is amended to delete reference to disposal areas retained by West Vincent Township. Henceforth, “System” shall mean and refer to the Upper Uwchlan Township sewage collection, conveyance, treatment, storage and disposal system, both personalty and realty, wherever situated including, without limitation, disposal areas situate in West Vincent Township, which will provide sewer service to users in the West Vincent Sewer Service Area.
3. Paragraphs 2.(a), 2.(b) and 2.(c) of the Intermunicipal Agreement are hereby amended so that West Vincent Township, by execution of this Amendment, (a) appoints Upper Uwchlan Township as the party to whom Toll Brothers, Inc. and any subsequent developers shall deed, dedicate or ease, as necessary, the Facilities within the West Vincent Sewer Service Area, (b) acknowledges and agrees that Upper Uwchlan Township has by a separate Operations and Management Agreement of October 20, 2016, as amended (the “O & M Agreement”), appointed the Authority as the sole agency with the power and obligation to inspect, operate, maintain and repair the System including the Facilities, and (c) subject to the terms of the O & M Agreement, recognizes the Authority as having the sole power and obligation to establish user rates, collect and enforce the same and set tapping, connection and similar fees for users in the West Vincent Sewer Service Area.
4. All references in the Intermunicipal Agreement to West Vincent Township owning real property which is part of the Facilities are deleted and, subject to a possible future defeasance

event as provided in paragraph 5 below, West Vincent Township shall not own any portion of the Facilities. In furtherance of this provision, and without limiting the scope of the same wherever reference is found in the Intermunicipal Agreement to West Vincent Township owning real property which is part of the Facilities, paragraph 2.(e) of the Intermunicipal Agreement is deleted from the Agreement.

5. The parties agree that all real property used as disposal areas within the West Vincent Sewer Service Area (including lagoons) shall be owned by Upper Uwchlan Township and, subject to the terms of the O & M Agreement, operated, inspected, maintained and repaired by the Authority; ***provided, however,*** if at any time in the future any portion of the disposal areas within the West Vincent Sewer Service Area is actively used for a purpose other than the operation of the System or the maintenance of the vacant land for possible future sewage disposal needs, then in such event Upper Uwchlan Township shall deed such real property to West Vincent Township upon receipt of West Vincent Township's written demand for same. Furthermore, all deeds of dedication to Upper Uwchlan Township of West Vincent Sewer Service Area disposal areas shall be under and subject to all recorded easements existing as of the date of dedication. Notwithstanding anything herein or elsewhere to the contrary, neither Upper Uwchlan Township nor the Authority shall have any responsibility for the maintenance, repair or replacement of any walking trail or equestrian trail (or the natural areas adjacent to both) in the West Vincent Sewer Service Area.

6. Paragraph 3(c) of the Agreement is hereby amended so that the maximum disposal capacity of treated effluent permitted from residences in West Vincent Township shall be 76,650 gallons per day.

7. Paragraph 8 of the Agreement is hereby amended so that, subject to the terms of the O & M Agreement, the Authority, and not Upper Uwchlan Township, shall be the sole party responsible for carrying out the duties associated with capital expenditures, setting and collecting tapping and connection fees and establishing and collecting user rates, all in a manner consistent with governing laws and regulations.

8. Paragraph 11 of the Agreement is hereby amended to provide that the Grant of Easement provided by West Vincent Township shall be in favor of both Upper Uwchlan Township and the Authority.

9. The parties reiterate their agreement that the West Vincent Sewer Service Area shall not be expanded nor shall any property in West Vincent Township be connected to the System except as agreed to by Upper Uwchlan Township and the Authority and as permitted by law.

10. Paragraph 12 of the Agreement is hereby amended so that Notices shall be addressed as follows:

11. Except as specifically set forth herein, all other terms and conditions of the Intermunicipal Agreement shall remain in full force and effect and neither the Intermunicipal Agreement nor this Amendment shall be modified except in a written instrument signed by authorized representatives of all the parties hereto.

IN WITNESS WHEREOF, the parties have caused this Amendment to be executed by their respective duly authorized officers as of the date first above written.

# **FIRST AMENDMENT TO OPERATION AND MANAGEMENT AGREEMENT**

**THIS FIRST AMENDMENT TO OPERATION AND MANAGEMENT AGREEMENT** (the “Amendment”) is entered into the \_\_\_\_ day of \_\_\_\_\_, 2018, by and between **UPPER UWCHLAN TOWNSHIP**, a municipal corporation organized and existing under the laws of the Commonwealth of Pennsylvania (the “Township”) and **UPPER UWCHLAN TOWNSHIP MUNICIPAL AUTHORITY**, a municipal authority organized and existing under the laws of the Commonwealth of Pennsylvania (the “Authority”).

## **BACKGROUND**

**A.** The Township owns certain sewage collection, treatment, and disposal facilities, consisting of both real property and personal property, which provide public sewer service to various residential and commercial properties located in the Township (collectively, the “Sewer System”); and,

**B.** The Sewer System is about to be expanded by the Township’s acceptance of dedication of collection, conveyancing and disposal facilities located in West Vincent Township, Chester County, Pennsylvania, which will serve a limited number of West Vincent Township residential properties (the “West Vincent Sewer Area”) pursuant to an October 2003 Intermunicipal Sewer Service Agreement; and,

**C.** The Authority has operated, managed, maintained, repaired and improved the Sewer System for many years and currently does so under the terms of the October 20, 2016 Operation and Management Agreement between the Authority and the Township (the “O & M Agreement”); and,

**D.** The Township and Authority wish to modify the O & M Agreement to better provide for the operation and maintenance of the Sewer System including the portion of the Sewer System to be located in the West Vincent Sewer Area.

**NOW, THEREFORE**, in consideration of the mutual promises contained herein, and intending to be legally bound hereby, the parties agree as follows:

**1. Ownership and Operation of the Sewer System.** The Township owns all portions of the Sewer System including, without limitation, those portions of the Sewer System which will be located in West Vincent Township following the Township’s acceptance of dedication of the same. Notwithstanding its ownership of the Sewer System, the Township does not operate or maintain the Sewer System but, rather, all responsibility for the operation and

maintenance of the Sewer System rests with the Authority and that responsibility shall extend to the West Vincent Sewer Area following dedication of same to the Township.

**2. Lease of Sewer System.** In furtherance of the parties rights and obligations under the O & M Agreement, and to better provide for the operation and maintenance of the Sewer System, the Township hereby leases to Authority and the Authority hereby leases from the Township, the Sewer System including, without limitation, all real property, personal property, rights, and easements comprising or ancillary to the Sewer System as well as all additions to the Sewer System made after the effective date of this Amendment (the “Leased Premises”). The within Lease shall be upon the following additional terms:

- (a) The Authority shall use the Leased Premises solely for providing public sewer service.
- (b) The Term of the Lease shall be for that period set forth in Section 5 of the O & M Agreement as the same may be amended or renewed from time to time.
- (c) The rent to be paid by the Authority, as tenant, to the Township, as landlord, shall be those amounts required to be paid to or for the benefit of the Township under the O & M Agreement.
- (d) The Authority shall hold the Leased Premises on the terms of the O & M Agreement, all of which are incorporated herein by reference.
- (e) A breach of the O & M Agreement shall be a breach of this Lease and upon any breach the Township may exercise one or more of the remedies available under the O & M Agreement including, without limitation, the remedy of terminating the Lease upon 60 days written notice and re-taking possession of the Leased Premises.

**3.** Section 5 of the O & M Agreement is hereby amended by deleting the last sentence thereof regarding termination by the Township and in its place inserting the following: Township shall have the right to terminate this Agreement upon adoption of a formal resolution of termination by the Township Board of Supervisors; provided, however, that termination shall not be effective until (a) the 60<sup>th</sup> day following the Authority’s receipt of written notice of termination accompanied by a copy of the Township resolution, and (b) in the event that at the time of termination the Sewer System serves properties in West Vincent Township or any municipality

other than Upper Uwchlan Township, the Township shall have received any permissions required to provide sewer service outside its territorial limits.

4. Section 8.A. of the O & M Agreement is hereby amended by deleting “Township” as the second word of said section and substituting in its place the word “Authority”.

5. Except as specifically set forth herein, all other terms and conditions of the Operation and Management Agreement shall remain in full force and effect and neither the Operation and Management Agreement nor this First Amendment to Operation and Management Agreement shall be modified except in a written instrument signed by authorized representatives of both parties.

**IN WITNESS WHEREOF**, the parties have caused this First Amendment to Operation and Management Agreement to be executed by their duly authorized officers as of the date and year first above written.

**Re: Toll/Ewing – West Vincent Sanitary Sewer Dedication**

Dear Cary,

I am in receipt of Alyson Zarro's December 13, 2018 correspondence in which she enumerates the various dedication documents to be offered at Monday (the 17<sup>th</sup>) evening's meeting of the Upper Uwchlan Township Board of Supervisors. This will confirm that those documents have been reviewed and they are appropriate for acceptance, should that be the Board's pleasure, subject to the caveats that (a) title reports must be received and approved showing no lien or encumbrance interfering with the rights of Upper Uwchlan Township and the Upper Uwchlan Township Municipal Authority, and, (b) all legal descriptions, plot plans and numbers contained in the dedication documents must be approved by ARRO (which I believe is the case but I will let ARRO speak for itself).

Please feel free to contact me if you have any questions or if I may be of further assistance.

Very truly yours,

## MEMORANDUM

### ADMINISTRATION

TO: BOARD OF SUPERVISORS  
Cary Vargo, Township Manager

FROM: Gwen Jonik, Township Secretary

RE: Public Hearing: Vantage Point Retirement Living, Inc.

DATE: December 14, 2018

---

A Public Hearing has been scheduled and advertised to take place Monday, December 17, 2018, at or after 7:30 p.m. following the Board's business meeting, to hear the Application of Vantage Point Retirement Living, Inc.

Attached please find the public notice that was published in the Daily Local News December 3 and December 10, posted on the Township website and posted on the property along Graphite Mine Road and Byers Road.

Kristin Camp, Esq., will be in attendance to conduct the Hearing. A Court Reporter is scheduled to attend the Hearing to record the proceedings. Ms. Camp will provide printed copy of the Board's Exhibits at the Hearing.

The Township consultants have reviewed the latest revision of the Plan and their comments are attached. Dave Leh and Chris Williams will attend the Hearing to provide testimony if needed.

The Planning Commission reviewed the Plan at their September 13, 2018 meeting, recommending the Board consider approval of the Amended PRD Plan for Byers Station Parcel 6C.

NOTICE IS GIVEN that the Board of Supervisors of Upper Uwchlan Township will conduct a public hearing on Monday, December 17, 2018 at or after 7:30 p.m., prevailing time, at the Upper Uwchlan Township Building, 140 Pottstown Pike, Chester Springs, PA 19425, to consider and possibly render a decision on the application filed by Vantage Point Retirement Living Inc., ("Applicant") who seeks approval to develop a senior living facility on the property located at the northeast corner of Graphite Mine Road and Byers Road which is identified as Chester County Tax Parcel No. 32-4-493 (the "Property"). The Property was previously approved as part of the Byers Station Planned Residential Development ("PRD") in a tentative plan approval dated July 6, 1999. The Property was referred to as "Parcel 6C" in the Byers Station PRD. Applicant now seeks to amend the tentative approval for Parcel 6C and instead develop a three-story, 36,171 square foot building to be used as a senior living facility with associated driveways, parking areas, sidewalks and stormwater management facilities. This use is permitted as part of a PRD pursuant to Ordinance No. 2018-01 which amended the PRD provisions in the Township's Zoning Ordinance.

The application is available for public inspection and may be examined without charge or obtained for a charge not greater than the cost thereof at the Township Building, located at 140 Pottstown Pike, Chester Springs, PA 19425, during normal business hours. The public is invited to attend the hearing. Any person wishing to attend the hearing who has a disability or requires auxiliary aid, service or other accommodation to observe or participate in the hearing, should contact the Township Secretary at (610) 458-9400 to discuss how those needs may be accommodated.

In Attendance:

Bob Schoenberger, Chair; Sally Winterton, Vice-Chair; Bob Phillips, Chad Adams, Jim Shrimp, Jim Dewees, Mary Lou Lowrie, P.E. – Gilmore & Associates, and Gwen Jonik, Planning Commission Secretary

Bob Schoenberger called the meeting to order at 7:34 PM. A quorum was present.

Eagleview Corporate Center Lot 1B Maintenance Area  
Revised Preliminary/Final Land Development Plan

Neal Fisher presented the revised plan, where the proposed maintenance area has been moved closer to the existing building instead of near the woods toward Hickory Park. A waiver is being requested from the tree replacement requirements for woodland disturbance. Landscaped buffer will be provided toward the trail and the maintenance area will be fenced.

Instead of fulfilling the tree replacement requirements, they will plant 9 shade trees, 55 evergreens (10' wide at mature size), and 24 shrubs. Planning Commission members would like more plants, to provide a better screen. Mr. Fisher offered to move the plantings from the back of the maintenance area to the front because it's wooded out back of this area.

Storm water will be handled by modifying the existing storm basin, which is located nearby.

Jim Dewees moved, seconded by Bob Phillips, to recommend Preliminary/Final Plan Approval and grant the waiver regarding tree replacement. The Motion carried unanimously.

Eagleview Corporate Center Lot 1C  
Revised Final Land Development Plan

Neal Fisher presented a revised Final Land Development Plan for a proposed 113,000 SF flex building on Lot 1C, on Sierra Drive in the Eagleview Corporate Center. Preliminary Plan Approval had been granted by the Board of Supervisors in May 2018 and most of the consultants' comments at that time have been addressed. The waivers that were requested were addressed during Preliminary Plan Approval.

The porous paved trail will connect with the Pondview Way trail easement to the south/west, the trail will meander along the woods to the pump station, out the pump station driveway and along Sierra Drive to tie in with the existing trail to Hickory Park.

Mr. Fisher has met with Sheila Fleming of the Brandywine Conservancy regarding the proposed landscaping and plantings. A berm had been discussed but believed not necessary if the existing tree canopy remains, they'll fill in with evergreen plantings. Mr. Fisher suggested that Hankin will meet with Township Staff prior to planting, to confirm the placement.

Discussion regarding lighting included the Township's consultant suggested LED light fixtures and glare did was not an issue. The lights are at 20' high and full cut-off overnight so there shouldn't be a problem for the neighbors.

Sally Winterton moved, seconded by Jim Dewees, to recommend Final Plan Approval. Discussion included confirmation that there will be plantings on a berm (if necessary) and within existing trees. Steve McNaughton and Joanne McNaughton had prepared comments which were distributed to Commission members, Mr. Fisher, and Mike Malloy, Esq., regarding the lack of appropriate screening, noise pollution (nighttime) and light pollution from Eagleview Corporate Center Lot 1B, which abuts their property. They requested Lot 1C approval be denied at this time due to the plan not meeting the definition of 'effective screening'; they asked the Plan be modified to remove the trail easement along the common property line; and commented that issues remain and should be corrected from Lot 1B – light glare, noise, ineffective screening.

Several Commission members expressed concern with Lot 1B's screening and light glare. Mr. Fisher advised that the columnar-shaped trees from Lot 1B are not being proposed for Lot 1C, they are adding plantings on Lot 1B to address that issue, and while the lighting meets the Township ordinances, he'll investigate shields that may fit the light head.

Sally Winterton's Motion was amended to include that the Consultants be specifically asked to review again the Eagleview Lot 1C Plan regarding landscaping buffer / effective screening, light glare, and noise to avoid the issues from Lot 1B. The Commission asks Mr. Fisher report on the light shields prior to the Board of Supervisors considering Lot 1C's Plan for approval.

The Motion as amended carried with 4 in favor, 1 opposed (Dewees) and 1 abstention (Adams).

#### Villages at Byers Station – Parcel 5C – Lot #1 Residential

Alyson Zarro, Esq., representing Toll Brothers, advised that the Amended Final PRD Plan that was approved for the residential Lot of Parcel 5C showed lot lines around the townhouses and they are proposing elimination of those lot lines to instead have the footprint of the townhome unit serve as the lot line. This will allow for room to construct uniform-size (10') decks without encroaching into setbacks. The decks will be owned by the homeowner, the size will be uniform and restricted within the Declaration of Covenants with the Homeowners Association. Not all homes are going to include a deck initially and some might not ever buy a deck. John Thompson (Toll) advised the decks will be first-floor only.

Ms. Zarro advised the common areas, sidewalks, and driveways are Homeowners Association responsibilities. Each homeowner owns a strip along the home, for flowerbeds or whatever. The Declaration of Covenants contains the details. She advised that a public hearing will be necessary as this is a Planned Residential Development (PRD) plan amendment.

Sally Winterton moved, seconded by Jim Shrimp, to recommend the Board of Supervisors schedule a Public Hearing. The Motion carried with 4 in favor and 2 opposed (Winterton, Dewees).

#### Vantage Point Retirement Living (Byers Station Parcel 6C) Amended PRD Plan – Revised Plan

Alyson Zarro, Esq., and Greg Stevens, Vantage Point Senior Living, were in attendance to present a revised plan (dated August 13, 2018) for Parcel 6C, the northeast corner of the Graphite Mine Road / Byers Road intersection. The revised plan shows an updated access for the Butler House, a full access on Byers Road - which also serves as an emergency access along the back of the building. The Applicant will comply with the majority of the Consultants' comments.

Discussion included the following: Ms. Zarro advised that the Byers Station HOA Board favors the revised driveway configuration. The existing Butler House driveway will become the trail from

Byers Road and connect with the Byers Station trail; instead of installing sidewalk along Graphite Mine Road due to storm water management measures, a berm will be created which will also buffer car headlights from the roadway; while the driveway to the Butler House traverses Township-owned and Byers Station HOA-owned properties, Vantage Point will be responsible for the ongoing maintenance; the Graphite Mine Road/Byers Road intersection traffic signal plan will be updated and may include left turn phasing if it meets PennDOT's standards; Staff shift changes occur at 7:00 AM, 3:00 PM, 11:00 PM; Mike Robinson approves of the revised driveway configuration but asks that it be straightened out as it joins his parking area; HVAC will be screened; trash will be screened by a wall/fence; lighting will be minimal along the Mews side of the property and will comply with ordinances in the parking areas and along roadways. The Applicant had provided proposed architectural elevations, one in green and one in red. To date, most have favored the red.

Ms. Zarro advised 2 easements will be required: one crossing the Township parcel through the spray field for the Butler House driveway and one over the HOA's parcel. The plans will be adjusted to include the appropriate easement language.

Jim Dewees moved, seconded by Sally Winterton, to recommend the Board of Supervisors consider approval of the Byers Station Parcel 6C Amended PRD Plan – Revised Plan as presented this evening. The Motion carried unanimously.

#### Approval of Minutes

Jim Shrimp moved, seconded by Chad Adams, to approve as presented the July 12, 2018 Planning Commission meeting minutes. The Motion carried unanimously.

#### Open Session

Sally Winterton commended Mike Robinson for the nice job renovating the exteriors of the EPC buildings on Little Conestoga Road to match the new building.

Jim Dewees inquired of the road and median work on Pennsylvania Drive and the completion of the trail crossing the stream at Reserve at Chester Springs.

#### Adjournment

All were in favor of adjournment at 9:46 PM.

Respectfully submitted,

Gwen A. Jonik  
Planning Commission Secretary

Amended Tentative PRD - Third Review  
Upper Uwchlan Township, Chester County, PA

Dear Cary:

Gilmore & Associates, Inc. (G&A) is in receipt of the following information:

- Response Letter to Township, prepared by D.L. Howell & Associates, Inc., dated November 30, 2018.
- Amended Tentative Planned Residential Development Plan set consisting of fifteen (15) sheets titled, "Vantage Point Retirement Living", prepared for Gunner Properties Ltd., by D.L. Howell & Associates, Inc., dated September 21, 2017, last revised November 30, 2018.
- Drainage Area Plans dated September 21, 2018.
- Report titled, "Post Construction Stormwater Management Report for Vantage Point", prepared by D.L. Howell & Associates, Inc., dated April 10, 2018, last revised November 30, 2018.

The subject site is comprised of one (1) parcel (TMP 32-4-493) located at the northeast corner of Byers Road (S.R. 1022) and Graphite Mine Road (T.R. 607). Points of access are proposed along both Byers Road and Graphite Mine Road. The property is located in the C-1 Village Zoning District within the PRD Planned Residential Development Overlay District (also part of F2 Flexible Development Overlay District).

G&A, as well as other Township Consultants, have completed our third review of the above referenced Amended Tentative Planned Residential Development Plan Application for compliance with the applicable sections of the Township's Zoning Ordinance, Subdivision and Land Development Ordinance, and Stormwater Management Ordinance, and Conditions of

Tentative Approval Resolution #07-06-99-09 adopted July 6, 1999, and wish to submit the following comments for your consideration. Please note that comments with a **(W)** or an **(RW)** may require relief from the Township Ordinances. A **(W)** denotes a waiver that has not been requested and an **(RW)** denotes a requested waiver. Comments in *italics* are from our previous review letter, and comments in **bold text** require resolution by the applicant. Previous comments which have been satisfactorily addressed are not repeated herein.

## I. OVERVIEW

*The Applicant is proposing to construct a 36,236 s.f., 3 story proposed building on the property with associated access driveways, parking areas, sidewalks, etc. Stormwater management will be handled by four (4) subsurface infiltration beds along the north and south of the site. Stormwater eventually flows to an unnamed tributary of the Pickering Creek, which is part of the Pickering Creek Watershed and has a designated use of HQ-TSF. Landscaping, lighting improvements, and paved walkways which connect to the area trail network are also proposed. The site is not located within a flood hazard zone, and there are no wetlands or existing streams located on site. The parcel is part of an ongoing Planned Residential Development known as Byers Station PRD, and is the last site to be developed.*

## II. CONDITIONS OF TENTATIVE APPROVAL BYERS STATION PRD

1. *Section II.B.4.k. – The Conditions of Tentative Approval state Parcel 6C is allowed one free-standing pylon sign along Graphite Mine Road and a ground sign on Byers Road. It appears the proposed signage exceeds this requirement. The Applicant should discuss this with the Township Solicitor and Zoning Officer to determine what relief maybe needed.*

*The Applicant is showing three (3) signs in the same location as the previous submission. The Applicant indicates they are proposing freestanding monument signage and will submit details of the proposed signage in a future submission.*

2. *Section II.B.4.k. – Conditions of Tentative Approval state free-standing pylon sign shall not exceed sixteen (16) square feet in area. It appears the proposed signage exceeds this requirement. The Applicant should discuss this with the Township Solicitor and Zoning Officer to determine what relief maybe needed.*

*The Applicant is showing three (3) signs in the same location as the previous submission. The Applicant indicates they are proposing freestanding monument signage and will submit details of the proposed signage in a future submission.*

## III. ZONING ORDINANCE REVIEW

1. *§200-74.A.(1) & §200-74.B. – It is assumed the area labeled "Heavy Duty Paving" is intended for loading and unloading. Loading and unloading areas are required to be*

*15 feet wide by 60 feet deep. With this in mind, it does not appear the required 50-foot setback from the property line is provided.*

*The Ordinance clearly states "No permitted or required loading area shall be located within 50 feet of a property line." The edge of the proposed 15-foot-wide by 60-foot-deep loading area is approximately 43 feet from the rear property line. We defer to the Township Solicitor as to whether the Board could grant relief from this requirement during the hearing process.*

**The Applicant indicates they are seeking a modification of the required 60-foot depth loading area to reduce the loading area to 45 feet, as they indicate the required loading depth for the senior living facility use may be smaller. We defer to the Township Solicitor as to whether this relief can be granted as part of the Amended PRD hearing.**

#### **IV. SUBDIVISION AND LAND DEVELOPMENT ORDINANCE REVIEW**

1. *§162-55.B.(7) – Applicant is proposing to remove a section of woodlands along the northern portion of the property. For each tree greater than six inches dbh removed, replacement trees shall be planted in accordance with the schedule listed in this section of the ordinance. These amounts shall be added to the Upper Uwchlan Township Landscape Ordinance Required Landscape Plantings Table on the Landscape Plan. We defer to the Township's Land Planner for this requirement.*

*The Applicant has provided a replacement tree tabulation on the Landscape Plan according to §162-55.B.(7). Please provide these tree locations on the Existing Conditions Plan.*

The Applicant has indicated existing trees to be removed on the Existing Conditions Plan consistent with the provided count on the Landscape Plan along the eastern property line; **however, the intent of this previous comment was for the section of woodlands along the northern portion of the property intended to be removed. Please indicate which specific trees are to be removed and account for them in the provided Natural and Historic Features Conservation Table provided on the Landscape Plan.**

#### **V. STORMWATER MANAGEMENT ORDINANCE REVIEW**

1. *§152-311.F.(1) – Provide pipe calculations which show the proposed storm network is designed to convey the 25 year storm event.*

*Stormwater Conveyance Calculations have been provided in Appendix F; however, some values need to be revised. Please verify that the values provided match what*

*is shown on plans. Also, please add invert and sump information where missing on the profiles provided on Sheet 11.*

The pipe profiles on Sheet 11 of 15 for IC13 to MH11, and IC14 to MH17 shall be revised, as some pipe length and slope text interferes with other inlet invert text, and there is no inlet invert information provided for IC15. Also, the Storm Sewer Conveyance calculations shall be revised, as there does not appear to be any pipe on the drawing with an 8% slope, yet on Page 1 of the Storm Sewer Inventory Report, Line No. 4 has a slope of 8% and inverts that do not match the plans.

2. Provide a dewatering calculation for Infiltration Bed 4 in Appendix E of the Stormwater Management Report.
3. Stone Infiltration Bed 4 is located on the adjacent eastern property to the tract being developed (Tax Parcel #32-4-495). An easement will be required for this stormwater management facility.
4. As Infiltration Bed 4 will be located underneath a driveway with no means of draining other than via infiltration, we have concerns regarding the long term effects on the pavement sub-base should the runoff not infiltrate. In addition, no infiltration testing has been provided in area of this bed. We recommend the design engineer review this matter.

## VI. GENERAL COMMENTS

1. *Update the Drawing Index provided on Sheet 01.*

Sheet 12 of 15, Vehicle Turning Plan, utilizes the same drawing number "C07.1" as Sheet 11 of 15, Profiles. This shall be revised on Sheet 12 of 15 to a different drawing number, and the Drawing Index on Sheet 1 should reflect this change. The Drawing Index currently refers to Sheet 12 as "C01.1."

2. Please review the proposed slopes on the ADA Ramps as they do not appear to be in compliance with current design standards.
3. Revise the Level Spreader Detail to match the invert and pipe sizes shown on the PCSWM Plan.
4. Revise the detail for the Water Quality Structures, as the Snout Inlet Schedule and the inlets listed in note 3 do not match the inlets shown to receive water quality inserts on the PCSWM Plan. Also, please clarify if Inlet IC2 is to receive a water quality insert, as it is shown to have a sump in the profiles.

5. **We recommend the Applicant's Engineer review the location of the proposed sanitary sewer lateral in conjunction with the Landscape Plan as there appears to be several conflicts with planting locations.**

**VII. TOWNSHIP TRAFFIC CONSULTANT COMMENTS**  
**McMAHON ASSOCIATES, INC.**

**Land Development Plans**

1. ZO Section 200.75.H – The sight distance note on sheet 1 should be revised to conform PennDOT's standard sight distance note indicating the applicant's responsibility to maintain the required sight distances for each site access.

**Highway Occupancy Permit Plans**

2. The proposed pavement sections on both roadways should match the existing pavement composition. The existing pavement sections are listed below, based on the original construction plans.

**Graphite Mine Road:**

- SAMD, HMA Wearing Course, PG 64-22, 10 to < 30 Million Design ESALs, 12.5mm Mixture, 1-1/2" Depth, SRL-E
- SAMD, HMA Binder Course, PG 64-22, 10 to < 30 Million Design ESALs, 19.0 mm Mixture, 2" Depth
- SAMD, HMA Base Course, PG 64-22, 10 to < 30 Million Design ESALs, 37.5mm Mixture, 9" Depth
- Subbase, 8" Depth (No. 2A)

**Byers Road:**

- SAMD, HMA Wearing Course, PG 64-22, 3 to < 10 Million Design ESALs, 12.5mm Mixture, 1-1/2" Depth, SRL-H
- SAMD, HMA Binder Course, PG 64-22, 3 to < 10 Million Design ESALs, 19.0 mm Mixture, 2" Depth
- SAMD, HMA Base Course, PG 64-22, 3 to < 10 Million Design ESALs, 37.5mm Mixture, 8" Depth
- Subbase, 6" Depth (No. 2A)

3. Given the proposed stormwater facilities in the State Right-of-Way, PennDOT will require the Township to be a co-applicant on a separate stormwater maintenance HOP application. Please submit a written summary of the stormwater facilities, a cost estimate for the installation of the facilities, and a draft operation, maintenance, and endowment agreement for the Township's review.

4. Please revise the traffic signal plan to provide a lead pedestrian interval of seven seconds for pedestrians crossing Graphite Mine Road at the intersection with Byers Road as a result of the expected increase in pedestrian volumes.
5. Please install APS accessible pedestrian signals for all three pedestrian crossings at the signalized intersection of Graphite Mine Road and Byers Road in accordance with FHWA guidance and based on the anticipated increase in pedestrian activity, including elderly pedestrians.
6. Per the applicant's Traffic Signal Design Study, please install count down pedestrian signal heads for all three pedestrian crossings.
7. Please install new LED traffic signal indications for all approaches.
8. Please install an R10-15R sign for westbound Byers Road right-turn movement onto northbound Graphite Mine Road to yield to pedestrians.
9. The Byers Road (S.R. 1022) access requires a PennDOT Highway Occupancy Permit (HOP). The applicant should continue to copy the Township on all submissions and correspondence with PennDOT.
10. Upon resubmission, the applicant's engineer should compose a response letter that describes how each comment has been addressed and where any plan and/or report revisions are located.
11. Additional comments regarding the traffic improvements and/or land development plans may follow upon receipt of future submissions.

concrete pedestals, to illuminate parking spaces and vehicular and pedestrian traffic surfaces. Lighting is to be controlled by a clock and dimming device, and site lighting is to remain on until 11:30 p.m. nightly to accommodate an employee shift change. If, in the winter months it is judged that during shift change the parking areas need to be illuminated lighting will be turned on at 7:00 a.m. Any other site lighting proposed to remain on after 11:30 p.m. is to be reduced to 25% of normal levels.

The following recommendation, based on the lighting requirements contained in SLDO §614, Lighting, and reasonable customary engineering practices, are offered for Township consideration.

All outstanding site lighting issues are judge to have been satisfactorily resolved and it is therefore recommended Township consider granting approval of the lighting information contained on Sheet14, Rev. 2 dtd. 11/30/18.

This concludes our third review of the above referenced Amended Tentative Planned Residential Development Plan Application. We would recommend the plans be revised to address the above referenced comments as well as any raised by the Planning Commission and the Board of Supervisors. If you have any questions, please do not hesitate to contact me.

RE: Upper Uwchlan Township  
Vantage Point Retirement Living  
Land Development Plans  
ARRO No #10270.55

Dear Mr. Vargo:

ARRO Consulting, Inc. has reviewed the following information related to the above referenced project:

1. Land Development Plans for "Vantage Point Retirement Living, Inc." prepared for Vantage Point Retirement Living, Inc. by DL Howell, revised and plotted November 30, 2018.

ARRO offers the following comments for your consideration based on current engineering practices in accordance with the Upper Uwchlan Township Municipal Authority Ordinances:

**Sanitary Sewer:**

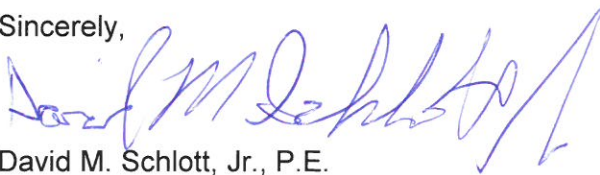

1. Based on the Sewage Facilities Planning Module (SFPM), the developer is proposing a three-story apartment building for elderly with 100-units. The proposed sewer flow capacity is 10,000 gallons per day, utilizing 225 gallons per Day/Equivalent Dwelling Unit (GPD/EDU) the sanitary sewer capacity required 45 EDUs. The proposed capacity appears acceptable, but we recommend that the Township reserve the right to evaluate water usage after the building is opened and require the purchase of additional capacity, if warranted. The required sanitary sewer capacity will need to be purchased for the project
2. The appropriate SFPM package has been prepared and submitted for approval by the Pennsylvania Department of Environmental Protection (Pa DEP). Any planning approval should be conditioned on receiving Pa DEP's approval of the SFPM.
3. The applicant is reminded that the sanitary sewer extension along Byers Road identified as "sewer main to be installed by others" is proposed. Therefore the lateral connection of this project shall occur subsequent to the construction and testing of the sanitary sewer extension.

4. The existing spray field areas adjacent to the property need to be shown the construction plans. No encroachment of any kind onto those areas can occur; provisions to prevent access should be added to the plan.
5. The following comments pertain to the proposed lateral connection which has been revised:
  - The proposed sewer lateral should be located on the property, not on the adjacent property. Please revised accordingly
  - If 8-inch laterals are proposed, profiles should be provided on the plans.
  - If a proposed new manhole connecting onto the Byers Road main is necessary, it will be at the Developer's cost. The construction of this manhole should be coordinated with the sanitary sewer extension along Byers Road.
  - Connections into the sewer main need must be at 90 degrees or greater.

If you have any questions or concerns, please feel free to contact me at your earliest convenience.

Sincerely,

David M. Schlott, Jr., P.E.  
Project Manager
