Why Recycle?

Grant Funding

The Township receives grant funds from the State based on the tons of material recycled annually.

This funding offsets disposal cost, keeping resident trash fees low.

It Costs Less!

Disposing of one ton of recyclables costs less than half as much as disposing of one ton of municipal solid waste.

Savings for the Township = Savings for you!

Good for the Planet

A little bit of effort can make a big difference! Recycling is an easy way to "go green," both for the planet, and for future generations.

BULK

Bulk trash is picked up on the third collection of each month, concurrent with zone pick-up days. Place bulk items curbside the night before, with your Toter. A maximum of two bulk items per month are allowed per household. Mattresses and box springs must be wrapped in plastic (separately). Construction materials do NOT qualify as bulk waste; these items must be taken to the landfill, pricing can be found at www.chestercountyswa.org. Electronic waste (e-waste) is not accepted in regular or bulk trash. The Township hosts an e-waste recycling event annually in the fall. Watch the Township website for details.

FREON

Call the Township Office at 610-827-6033 to schedule pickup of Freon-containing items such as refrigerators, air conditioners, and dehumidifiers. Doors must be removed from all appliances.

HAZARDOUS

Household Hazardous Waste (marked as caustic, combustible, flammable, hazardous, toxic, etc.) can be disposed of at special drop-off events sponsored by the Chester County Solid Waste Authority.

Visit www.chestercountyswa.org for collection dates, locations, and details.
